

Brigadier Gold Limited

TARGETING HIGH GRADE GOLD-SILVER PROJECTS IN MEXICO

VETERAN TEAM WITH OVER 100 YEARS OF COLLECTIVE EXPERIENCE IN CAPITAL MARKETS AND RESOURCE SECTOR DEVELOPMENT

FULLY FUNDED DRILL PROGRAM \$5.2 MILLION RAISED SINCE RELISTING IN JUNE 2020

100% CONTROLLED PICACHOS PROJECT

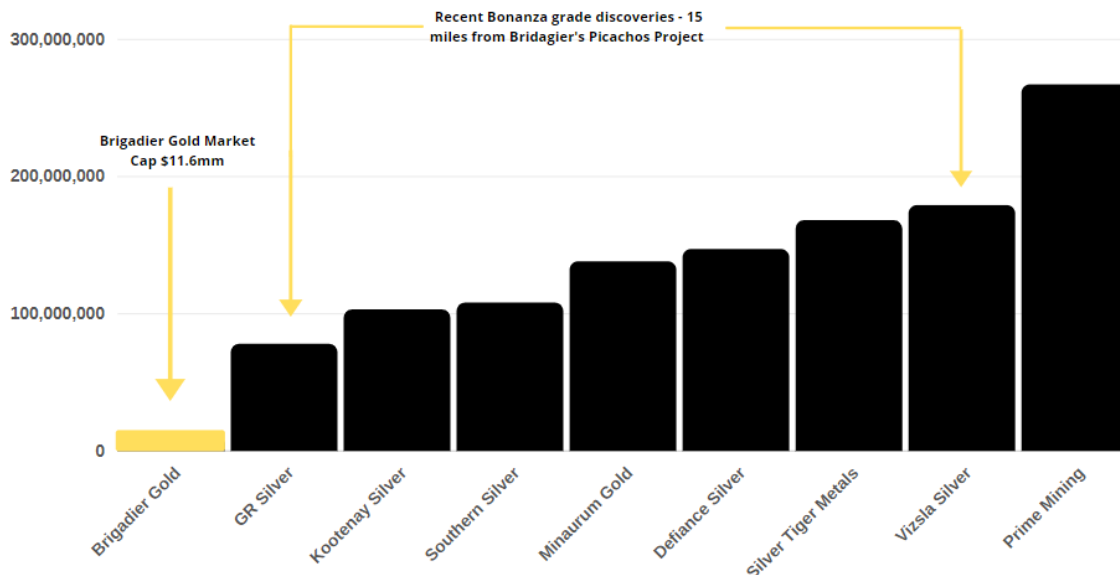

DRILL READY

- 3,954 hectares in Sinaloa State.
- First ever 5,000 metre diamond drill program underway, assays pending.
- ~15 miles from recent bonanza grade gold and silver discoveries (Vizsla & GR Silver).
- Over 160 historic mines and workings.
- Road accessible (internal and external), drill permits in place.
- Targeting drill-ready high grade veins open at depth.

CATALYSTS

- San Agustin and other high grade veins never tested with diamond drilling.
- Large, unexplored copper-molybdenum porphyry target.
- Focus is proving the potential for high-grade gold-silver veins that will likely be developed using underground mining methods

Market Cap of Canadian Exploration Companies Operating In Mexico

GEOLOGY

- Centered over the historic Viva Zapata national mineral reserve, Picachos overlaps one of the largest, most contiguous and highest amplitude anomalies for gold, silver and base metals in regional fine-fraction stream sediment samples in the Western Sierra Madre.

2020 EXPLORATION HIGHLIGHTS

- Confirmed seven-kilometer long vein system of precious metals mineralization.
- Widely spaced holes show vein continuity on strike and at depth with robust width.
- High grade nature of precious metals mineralization consistently observed in assays.
- Discovered previously unexplored high-grade gold and silver historic workings.
- Multiple new surface and subsurface targets discovered during reconnaissance and mapping.

OUR TEAM

Rob Birmingham, President & CEO

Mr. Birmingham has over 15 years of capital markets experience, with a focus on management, investor relations and capital raising. He is currently CEO and Director of New Destiny Mining Corp. (TSX.V: NED), and Director of BIGG Digital assets (CSE: BIGG). Mr. Birmingham holds a Bachelor of Business Administration from Capilano University.

Steve Vanry, COO

25 years senior management positions in public and private companies providing expertise in capital markets, strategic planning, corporate finance, M&A, regulatory compliance, accounting and financial reporting.

Michelle Robinson, M.A.Sc., P.Eng., Geologist

A Qualified Person (43-101) fluent in Spanish and English, Ms. Robinson worked for several major metal mining companies in the 1990's and early 2000's, including Noranda, Cominco (now Teck), Inco (now Vale), Westmin Resources Ltd. (now Nyrstar), Anglo American (Vancouver exploration group), and Hudbay Minerals (Flin Flon, Manitoba). In 1998 she moved to Mexico and domiciled several junior mineral explorers.

CAUTIONARY STATEMENT

Cautionary Statement on Forward Looking Statements

This presentation contains "forward-looking statements" within the meaning of applicable Canadian securities legislation. Statements in this news release pertaining to expected financings, filings, uses of proceeds or project completion dates are forward-looking statements. These forward-looking statements are based on assumptions and address future events and conditions and are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking statements. Such projections are and will inevitably always be dependent on assumptions about future mineral prices and development costs which will be subject to fluctuation due to global and local economic and industry conditions. Further information regarding risks and uncertainties which may cause results to differ from those contained in forward-looking statements is included in filings by the Company with securities regulatory authorities and is available at www.sedar.com. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company does not undertake to update any forward-looking statements that are contained herein, except in accordance with applicable securities laws.

Technical information in this presentation has been reviewed by Michelle Robinson, M.A.Sc., P.Eng., a Qualified Person as defined by NI-43-101.
